# 65 W Power Adapter Suit

### Package Contents

- 1 mobile phone charger
- 1 Cable USB
- 1 User Manual

### Instructions for Use

- **Connection to the Power Supply**: Connect the charger to a suitable power outlet.
- **Device Connection**: Connect the USB cable to the charger and then to the charging port of your mobile phone.
- **Load**: The device will start charging automatically. An LED indicator on the mobile phone will show the charging status.
- **Disconnection**: Once the device is fully charged, unplug the USB cable from the phone and then remove the charger from the power outlet.

### Maintenance

- Keep the charger in a cool, dry place.
- Do not expose the charger to extreme temperatures.
- Clean the charger with a soft, dry cloth.

### Troubleshooting

- **The device does not charge**: Check that the charger is properly connected to the power outlet and to the device.
- **slow charging**: Make sure the USB cable is not damaged and the device's charging port is clean.

### Safety Warning

- **Do not use the charger if it is damaged**: If the charger, cable or plug is damaged, do not use it. It could cause a short circuit or fire.
- **Avoid contact with water**: Do not expose the charger to liquids. Moisture may cause malfunction or electric shock.
- **Do not disassemble the charger**: Do not try to open or repair the charger yourself. This may result in injury or damage to the device.
- **Proper use**: Use the charger only with compatible devices. Incorrect use may damage your device or the charger.

- **Supervision**: Keep the charger out of the reach of children and use it under supervision.
- **Do not cover the charger**: Make sure the charger has sufficient ventilation and do not cover it with objects that may cause overheating.
- **Do not use in flammable environments**: Do not use the charger near flammable materials or in environments with explosive gases.
- **Avoid prolonged use**: Do not leave the charger connected for long periods unattended to avoid overheating.
- **Regular inspection**: Periodically check the charger and cable to ensure there are no signs of wear or damage.
